AQUADOM Cabinet Installation Guide
* AQUADOM Medicine Cabinet as seen from the back*
BACK OF THE CABINET

The wire is located at the top right corner of the cabinet if viewed from the front

**Electric wiring:** Be sure to provide enough wire to make the proper and safe connection to the Field/Power.

1 Remove Door/s Prior mounting your cabinet. Start with unpluging the door from the cabinet.
2 While supporting the door release the lever under the hinge arm
Slide the door off the frame.
RECESS-MOUNT INSTALLATION

1

Draw the perimeter of the medicine cabinet on the wall.
3" MINIMUM

2

Cut the marked perimeter with appropriate tool.
3

Frame the cutout opening.

(See Illustration below)

4

Place and hold the medicine cabinet in the cutout opening.
5

Level, then secure the medicine cabinet with the screws through the mounting holes into the framing studs.
6

Choose the position for your shelves, then push and twist the snap-in pins into place.

4 STEPS TO FRAME THE CUTOUT OPENING

A   B   C   D

**7**   GLASS SHELF INSTALLATION

Push a side of the glass shelf into the left or the right pins.

Snap the glass shelf into the opposite side.

OPTIONAL DOOR ADJUSTMENT

Doors may need to be adjusted after the initial shipping of the cabinet. The cabinet doors have a three-way adjustment feature.

Height, side-to-side, level and depth can be adjusted. With the hinge slightly closed you can access the middle screw for up/down adjustment.

With the hinge fully extended you can access the front and back screws. These screws will move the door side to side and in and out.

1

2

3

2

1
1
Level and mark the medicine cabinet's location on the wall from point **a** to point **b**.

2

minimum 3in clearance

Level and mark. Attach bottom bracket to the wall.
IMPORTANT:
Bottom mounting brackets must be attached to furring strip/channel or wall studs.

3

Insert top mounting bracket into the top of the cabinet

4

With assistance, rest the medicine cabinet on the bottom mounting bracket and hold it in place.

5
You can slide top mounting brackets to the left or right to achieve a desired position.

IMPORTANT:
Top mounting brackets must be attached to furring strip/channel or wall studs.

6

Attach the top mounting brackets to the wall using a drill.
7

Attach mirrored side panels to the medicine cabinet using a screwdriver and provided screws

8

Insert clear snap in shelf clips into holes on the sides of the cabinet.
9

Insert clear plugs into the remaining/unused holes of the cabinet.

SURFACE MOUNT

10

NOTE: For more details on the shelf installation please refer to Page 5, Step 7.

**C**

Connect the glass shelves **(C)** to the cabinet by pushing the side of the shelf in the left or right clip and snapping the shelf down.
