

TRAVEL HAMMOCK & STRAP INSTRUCTIONS

INSTRUCTIONS

- Step 1: Remove hammock from bag.
- Step 2: Unroll one tree strap.
- Step 3: Locate looped end of strap.
- Step 4: Loop around tree or pole.
- Step 5: Pull opposite end of strap and cam buckle through loop.
- Step 6: Align cam buckle in the direction you wish to hang your hammock.
- Step 7: Pull loose end of strap until strap is snug around tree or pole.
- Step 8: Attach hammock carabiner to cambuckle loop.
- Step 9: Repeat previous steps with second strap on opposite tree or pole.
- Step 10: Adjust cam buckle to get your hammock to desired height.
- Step 11: Please note, when settling into your hammock, sit upright in hammock bed with feet parallel to hammock bed. Holding onto opposite sides of the bed, slowly swing feet into hammock.
- Step 12: Gently allow your full body weight to settle into the hammock. Failure to do so, may result in you striking the ground.
- Step 13: Over time, the hammock will stretch to its full size and may require re-positioning.

CARE & MAINTENANCE

- Weight capacity is 265 pounds and it is recommended that only one person be in the hammock at a time.
- If holding a small child, use extreme caution as injury to yourself or the child is possible. We do not recommend this.
- Discontinue use if material begins to tear.
- For longer life and longer life of colors, when not in use, it is recommended to store your hammock in a safe place, away from the elements and rodents.
- If your hammock becomes soiled, we recommend using warm water and soap to gently clean. Avoid harsh chemicals and stiff brushes.
- Do not put away wet.
- Do not wash in washing machine.
