

# GLHD-3 3 STEP PRO GRADE STEEL

EXCLUSIVELY AT

## COMPLETE PROJECTS EASILY

The 3 Step Pro Grade Steel is extremely tough, durable, and easy to use. The innovative design allows the ladder to be opened and closed easily with one hand, and the built-in project top is perfect for tools and hardware. The slim-fold design allows the ladder to fold up to under 4 inches thick, making this 3-Step PRO Steel Step Stool the perfect tool for all your projects.

## BIGGER IS BETTER

The step stool features a giant top platform step for comfort, safety, and stability. The lower steps are also oversized, which means more comfort and less fatigue when using the ladder for long periods of time.

## SAFETY & SECURITY

Non-slip tread and oversized non-marring feet improve stability. Safety latch keeps platform in place.

## SPECIFICATIONS
