

BUILT TO WORK

Outdoor Power Equipment

Manufactured by

84 Commercial Rd. Huntington IN 46750

SINCE 1959

Chainsaw 2 in 1 Combo Promo Kits

Key Features

- Stackable case cut 2 pack master pack displayer (8901)

- Stackable case cut 2 pack master pack displayer (8902)

Manufactured by

84 Commercial Rd. Huntington IN 46750

Model #8902
14"/20" Combo

- Anti Vibe Handle: Extremely low vibration reduces fatigue
- 35% Higher Performance than alternative brands
- 30% more chain teeth reduces cutting time
- Auto oiler
- Easy Access chain pro tensioner for fast adjustments

Product Specifications

Model #	Description	CC Rating	Fuel Tank	Oil Tank	Display Pack Qty
8901	14" x 20" Combo Saw in 4 color carton	45 CC	18.6 Oz	8.8 Oz	2
8902	14" x 20" Combo Saw in BMC	45 CC	18.6 Oz	8.8 Oz	2
52221	16" x 22" Combo Saw in 4 color carton	51.2 CC	18.6 Oz	8.8 Oz	2
8902	14" x 20" Combo Saw in BMC	45 CC	18.6 Oz	8.8 Oz	2

14" Through 22" Chainsaws

Key Features

- Low range kickback brake for additional safety

- 4ft Dealer merchandising program includes patent pending display fixtures compatible with all pegboard systems

Manufactured by

84 Commercial Rd. Huntington IN 46750

6595
18" Chainsaw

- Anti Vibe Handle: Extremely low vibration reduces fatigue
- 35% Higher Performance than alternative brands
- 30% more chain teeth reduces cutting time
- Auto oiler
- Easy Access chain pro tensioner for fast adjustments
- Quick Start ignition system
- Center Balanced for maximum control and minimum fatigue

Product Specifications

Model #	Description	CC rating	Chain	Fuel Tank	Oil Tank
5465	14" chainsaw	38	91VG	10.5 oz	7.0 oz
5466	16" chainsaw	38	91VG	10.5 oz	7.0 oz
6595	18" chainsaw	45	21BP	18.6 oz	8.8 oz
6596	20" chainsaw	46	21BP	18.6 oz	8.8 oz
6606	22" chainsaw	52	21BP	18.6 oz	8.8 oz

14" – 18" High Performance Chainsaw

Key Features

- Low range kickback brake for additional safety

- Case Cut stackable master carton displays

Manufactured by

84 Commercial Rd. Huntington IN 46750

NEW 2 in 1 Combo
14" x 18" chainsaw kit

- Anti Vibe Handle: Extremely low vibration reduces fatigue
- 35% Higher Performance than alternative brands
- Auto oiler
- Compact, lightweight design

Quick Start ignition system

- Center Balanced for maximum control and minimum fatigue
- 3/8" Pitch, .050 Gauge Chain

Product Specifications

Model #	Description	CC	Chain	Fuel Tank	Oil Tank
5465	14" chainsaw	38	21VG	10.5 oz	7.0 oz
5466	16" chainsaw	38	21VG	10.5 oz	7.0 oz
52721	14"x18" chainsaw kit	38	21VG	10.5 oz	7.0 oz

15 TON – 35 TON GAS & ELECTRIC LOG SPLITTERS

Key Features

- Jack stand included for added stability and convenience

- Rugged and durable Blue Max Engines ensure units will start every time

Manufactured By

- Steel splitting wedge for smoother cuts
- Standard low oil shut down for preventative maintenance
- Up to 3500 maximum PSI (working pressure)
- Powder coated paint for rust protection and durability

Product Specifications

Model #	Description	Tons	HP	Pump	Log Size	Direction
5620	120V Electric Log Splitter	7	2.0	Worm Drive	Up to 20"	Horizontal
7740	Log Splitter	15	6.5	Simplex	Up to 20"	Horizontal
52160	Log Splitter with CARB engine	22	6.5	2 Stage	Up to 22"	Horizontal
52158	Log Splitter with CARB engine	27	10	2 Stage	Up to 24"	Vertical/ Horizontal
52159	Log Splitter with CARB engine	35	13	2 Stage	Up to 24"	Vertical/ Horizontal

84 Commercial Rd. Huntington IN 46750

2 in 1 BRUSH CUTTER / TRIMMERS

Key Features 2 in 1 combo

- Heavy Duty tri-blade is engineered for demanding brush removal jobs.

- Straight shaft, ultra lightweight dual spool trimmer head is designed to deliver professional results all day, every day

Manufactured by

84 Commercial Rd. Huntington, IN 46750

52623

52457

31.1cc 2 in 1 Pro Brush
Cutter & String Trimmer

- Anti-Vibe handles increases stability and comfort
- EZ Start Recoil starting system
- Powerful 2-stroke & 4-stroke engines are designed to cut through extreme ground cover conditions.

Product Specifications

Model #	Description	CC rating	Starting System
52623	2-Stroke 2 in 1 Brush Cutter / Trimmer	42.6	Recoil
52457	4- Stroke Professional Brush Cutter / Trimmer	31.1	Recoil

5.5 HP – 16 HP OHV Electric Start Gas Engines

Key Features

- Electric start for reduced fatigue and convenience

- Horizontal, tapered design for broad applications

Manufactured By

84 Commercial Rd. Huntington IN 46750

- EPA approved
- Cast Iron cylinder bore for longer life
- 67 dB's for quiet operation
- Large fuel tanks for longer run times

Product Specifications

Model #	Description	HP	CC's	Cooling System
6815	Electric Start Gas Engine	5.5	163	Forced Air
6817	Electric Start Gas Engine	6.5	196	Forced Air
6819	Electric Start Gas Engine	11	338	Air Cooled
6821	Electric Start Gas Engine	13	389	Air Cooled
6823	Electric Start Gas Engine	16	420	Air Cooled

2.4 HP – 16 HP OHV Gas Engines

Key Features

- Classic easy start recoil system for reduced fatigue

- Horizontal, tapered design for multiple applications

Manufactured By

84 Commercial Rd. Huntington IN 46750

6781
5.5 hp

6783
6.5 hp

6785
11 hp

- EPA approved
- 67 dB's for quiet operation
- Large fuel tanks for longer run times

Product Specifications

Model #	Description	HP	CC's	Cooling System
3459	Gas Engine	2.4	87	Forced Air
6781	Gas Engine	5.5	163	Forced Air
6783	Gas Engine	6.5	196	Forced Air
6785	Gas Engine	11	338	Air Cooled
6787	Gas Engine	13	389	Air Cooled
6789	Gas Engine	16	420	Air Cooled

Digital Sine Wave Gas Inverter Generators

Key Features

- Built-in carry handle for increased portability

- Circuit breakers on the AC and DC outlets for extra protection

Manufactured by

84 Commercial Rd. Huntington, IN 46750

6184

6185

6186

6189

- Extremely quiet operation (only 58 dB)
- Delivers consistent current for computers and other power-sensitive electronics.
- Up to 50% greater fuel economy
- Microprocessor controller for twice the life and protection
- Low oil shutdown for ultimate protection
- Ideal for camping, tailgating, outdoor activities or power outages

Product Specification

Model #	Description	Surge Watts	HP	Engine Displacement
6184	Gas In-Gen	600	1	31 cc
6185	Gas In-Gen	1000	1.8	49cc
6186	Gas In-Gen	2200	3	133 cc
6187	Gas In-Gen	2600	4	149 cc
6189	Gas In-Gen	3300	4	149 cc

DIESEL GENERATORS

Key Features

- Integrated Industrial control panel

- Comfort grip handles for easy maneuvering

6840

Manufactured by

84 Commercial Rd. Huntington IN 46750

6839
Air-Cooled
6000w Diesel
Generator

6838
Air Cooled 6000W Diesel
Generator (enclosed)

- Low oil warning system & automatic shutdown
- 8.5 hours estimated run time - fewer refills

Product Specifications

Model #	Description	Engine HP	Phase	Surge Watts
6838	6000W Diesel Generator (enclosed)	10	Single	6000
6839	6000W Diesel Generator	10	Single	6000
6840	7500W Diesel Generator	10	Single	7500

ELECTRIC START 4000 – 10,000W GAS GENERATORS

Key Features

- Electric Start Ignition

- Full Enclosures for reduced noise & increased protection

6615
8000W

- Only 69 Decibels (dBA): (Quiet Operation)
- Wheel Kits – For maximum portability
- Automatic Low Oil Shutdown prevents engine damage
- Idle Control for extended run times & life

Manufactured By

Product Specifications

Model #	Description	Watts	HP	Gal	Run Time*
6614	Electric Start Gen.	4000	6.5	4	9 hours
6615	Electric Start Gen.	8000	13	5.6	9 hours
6616	Electric Start Gen.	10,000	16	12	16 hours

*Based on a 50% load

PINAT410NG 10-09

84 Commercial Rd. Huntington IN 46750

1250W – 10,000W GAS GENERATORS

Key Features

- Electric Start Ignition (optional)

- High performance Blue Max OHV engine – [Compare to Honda GX Series] **2YR. Limited Warranty**

Manufactured By

6800
8000W
6836 w/ electric start + wheel kit

6801
10,000W

6802
1250W

6791
4,000 W
6813 w/ electric start

6834
1500W

- CARB Certified models also available
- Wheel Kits – available on the 4,000W & 8,000W models
- Automatic Low Oil Shutdown prevents engine damage
- Solid Copper windings for maximum durability

Product Specifications

Model #	Description	Watts (surge)	Watts (cont.)	H P	Gal	Run Time*
6802	Recoil Start Gen.	1250	800	2.4	1.2	8.5 hours
6834	Recoil Start Gen.	1500	1050	2.4	1.3	9 hours
6791	Recoil Start Gen.	4,000	3,500	6.5	4.0	9 hours
6800	Recoil Start Gen.	8,000	5,500	13	5.6	9 hours
6801	Electric Start Gen.	10,000	7,500	16	12	16 hours

*Based on a 50% load

84 Commercial Rd. Huntington IN 46750

DIESEL STATIONARY GENERATORS

Key Features

- 12 hours of run time
- Current: 208@120V, 104@240V

- 50 gallon fuel capacity
- Voltage: 120/240

Manufactured by

84 Commercial Rd. Huntington IN 46750

6843
20,000GF
Diesel Generator

- Rated Power KW: 15
- Rated Output KW: 19
- Rated Power KVA: 20 Diesel
- 3 Phase output terminal

6844
25,000GF
Diesel Generator

- Rated Power KW: 20
- Rated Output KW: 22.1
- Rated Power KVA: 25 Diesel
- 3 Phase output terminal

- Five-safety shutdown protections, digital control panel
- 50 Gallon Fuel Tank
- Enclosed Sound-proof
- Single Phase + 3-Phase 4-wire
- Electric-Automatic or manual start

Product Specifications

Model #	Description	Run Time	Noise Level	Fuel Type
6843	20,000 GF Air Cooled Diesel Generator	12hrs	72dB	Diesel
6844	25,000 GF Air Cooled Diesel Generator	12hrs	72dB	Diesel

118-337 CC Snow Blowers

Key Features

- 8" tires drive through even the toughest snow drifts

- Flood lights for extra visibility

Manufactured by

84 Commercial Rd. Huntington IN 46750

6652
Single-Stage
Gas Snow Thrower

- Electric Start feature is standard on the 22" and 28" models
- Intake height: approx. 22in. on models 6650 & 6651

6650
Electric Start
Gas Snow Thrower

6651
Dual-Stage
Gas Snow Thrower

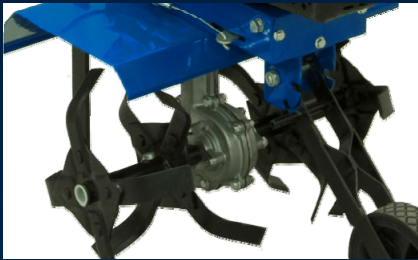

Product Specifications

Model #	Description	CC rating	Tires	Working Width
6652	Single-Stage Gas Snow Thrower	118	8" Snow Tires	21"
6650	Electric Start Dual-Stage Gas Snow Thrower	196	13" Snow Tires	22"
6651	Electric Start Dual-Stage Gas Snow Thrower	337	Dozer Trak	28"

Tillers

Key Features

- Gear driven self propelled drive train designed to insure the tiller does the work

- Heavy gauge, durable guard for maximum protection during operation

Manufactured by

84 Commercial Rd. Huntington, IN 46750

6765
4.5 HP Tiller

6767
1.2 HP Tiller

6766
6.5 HP Tiller

- 3600-6500 max RPM ensures the engine will perform when it's needed most
- Adjustable width makes jobs manageable regardless of size
- Gear shifting from -1, 0, 1

Product Description

Model #	Description	Engine Displacement	Engine Type	Max Tilling Depth	Max Adjustable Width
52329	1.2 HP Tiller	43 cc	2-stroke	3.5"	10"
6765	4.5 HP Tiller	140 cc	OHV 4-stroke	12"	16"
6766	6.5 HP Tiller	196 cc	OHV 4-stroke	14"	20"

EPA Approved Water Transfer Pumps

Key Features

- 3600 RPM Engine Speed keeps the pump running strong when you need it most

- 2.4 hr. continuous operation rating allows the pump to function without being monitored

Manufactured by

84 Commercial Rd Huntington IN 46750

6793
5.5 HP Water Pump
6794
(CARB Approved)

6795
6.5 HP Water Pump
6796
(CARB Approved)

Product Specifications

Model #	Description	CARB Approved	CC rating	HP	Discharge Capacity
6793	5.5 HP Water Pump	No	163	5.5 OHV	150 Gal/Min
6794	5.5 HP Water Pump	Yes	163	5.5 OHV	150 Gal/ Min
6795	6.5 HP Water Pump	No	196	6.5 OHV	264 Gal/Min
6796	6.5 HP Water Pump	Yes	196	6.5 OHV	264 Gal/Min
