

OLFL 14 – LED Security Flood Light

Frequently Asked Questions

What types of applications is this best suited for?

The OLFL 14 can be used anywhere you would use a wall pack or PAR holder security light. Loading docks, driveways and building perimeter lighting are just some of the applications that would benefit from the OLFL 14 security light.

What does this replace?

OLFL 14 replaces up to 300W quartz halogen security lights.

What is the rated life of the LEDs?

The OLFL 14 uses LED's with a 50,000 hour lifespan based on IESNA LM-80-08 results and calculated per IESNA TM-21-11 methodology.

What are the mounting options for the OLFL 14 luminaire?

The OLFL 14 is designed to be eave or wall mount above four feet, to recessed junction boxes.

What are the suggested mounting heights?

Of course this depends on your application and how much light you want on your target surface. However, typical installations will be between 8 and 18 feet.

Is this product UL listed?

The OLFL 14 is UL/CUL listed for wet locations higher than 4 feet from the ground.

Is this product listed with Lighting Facts and DesignLights Consortium® (DLC)?

The OLFL 14 is Lighting Facts listed but is not on the DesignLights Consortium qualified product list.

How many lumens does the OLFL 14 produce?

OLFL 14 produces 1900 lumens.

How many watts does the OLFL 14 consume?

The OLFL 14 consumes only 26 watts.

What color temperature (CCT) are the LEDs in the OLFL 14?

The OLFL 14 uses 4000K CCT LEDs.

Is this "instant-on" or is there lag to reach maximum output?

The OLFL 14 illuminates to full brightness immediately after power is applied and the photocell senses darkness.

Is the photocell replaceable?

No. There are no user serviceable parts.

What voltages are available?

The OLFL 14 comes with an 120V driver, standard.

Is pricing available?

Yes, standard pricing is available in Agile and your Quotations Manager can assist with pricing for large opportunities.

What is the standard lead time?

The OLFL 14 will be kept in stock at all our DCs for immediate delivery.

Are samples of this product available?

Yes, standard product is available for trial through the Trial Installation Program.

What is the warranty for the luminaire, components and finish?

The OLFL 14 is covered by the Acuity Brands Lighting 5-year limited Outdoor LED warranty. This warranty is located at www.acuitybrands.com/CustomerResources/Terms_and_conditions.aspx
