

Important Safety Instructions

SAVE THESE INSTRUCTIONS

WARNING: Do not use the chair before all the bolts are fully tightened. If the bolts are not fully tightened, the chair section can become loose and may cause the chair to collapse which may result in injury or damage.

CAUTION: When not in use, secure the product in a cool and covered location.

READ ALL INSTRUCTIONS BEFORE USE

To reduce the risk of injury to persons:

1. For your safety, assembly by two or more adults is strongly recommended.
2. Use only vendor-supplied hardware to assemble this item. Using unauthorized hardware could jeopardize the structural integrity of the item.
3. Close supervision is necessary when this furnishing is used by or near children, or disabled persons, if applicable.
4. Use this furnishing only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.
5. Do not move the rocking chair while it is occupied. Failure to obey this caution could result in injury.
6. Hardware may loosen overtime. Periodically check that all connections are tight.

Maintenance

Wood is a living material that continues to respond to climate condition even after being made into a piece of furniture.

After assembly rub the furniture with a soft rag to remove any residual dust. Wood is a natural material whose appearance will change when left outdoors. This product has been treated prior to leaving the factory. To clean, use mild soap and warm water. Do not use abrasive material, cleansers or bleach products. Dry thoroughly with a soft cloth.

Even though this piece of furniture is extremely durable and long lasting, to prolong life we recommend bringing it indoors during freezing temperatures. Place it at a shaded area and do not leave it in standing water or on wet ground.

Do not put hot items directly on furniture surface.

Do not store furniture in areas that have central heating or cooling vents to prevent excessive drying of the wood. This will decrease the furniture's longevity.

Do not write on furniture without a padded barrier to protect the surface.

In order to maintain the product's durability, please read carefully.

Cover your furniture during winter months or move into covered storage, if in wet climates.

The manufacturer supports protection of the world's forest resources and is diligent in sourcing legally harvested wood.

Thank you

The manufacturer
