OVERVIEW

For the best results with your WIFI Touch Panel wall control, please read these instructions carefully. The F-TS features an intelligent, ultra thin Android tablet. It supports the Modern Forms application, which is available from the App Store and Google Play Store. It features WIFI and Bluetooth 4.0 connections, with user input via touchscreen.

Modern Forms retains the right to modify the contents of these instructions as part of the company's continuous improvement program.

SAFETY PRECAUTIONS

For operation, maintenance, and troubleshooting information, visit modernforms.com/help.

IMPORTANT: NEVER attempt any work without shutting off the electricity.

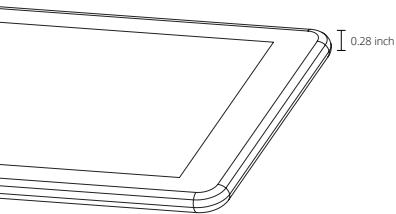

Read all instructions before installing.

- System is intended to be installed by a qualified electrician in accordance with the National Electrical Code and local regulations.
- To reduce the risk of electrical shock, ensure that electricity has been turned off at the circuit breaker.
- WIFI Touch Panel wall control is for indoor installation only.

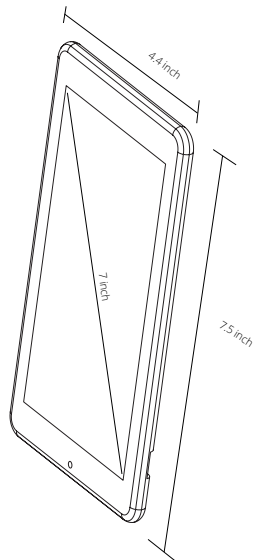

CAUTION

- All parts must be used as indicated in these instructions. Do not substitute any parts, leave parts out, or use any parts that are worn out or broken. Failure to follow these instructions could invalidate the ETL/cETL listing of this tablet assembly.
- When handling the tablet assembly, do not apply pressure to the touch screen. Hold the tablet assembly by the base and frame only.
- To clean the touch screen, use a soft, lint-free cloth (dry or dampened with eye glasses cleaner). Do not use any other chemical cleaner.

INSTALLING THE WALL BRACKET

PREPARATION

1. Shut off the power at the circuit breaker.
2. Carefully unpack your Touch Panel wall control and lay out all the parts on a clear area. Be careful not to lose any small parts necessary for installation.

MOUNTING THE TOUCH PANEL WALL MOUNT CASE

3. Use Wire Connector (A) to connect 2-Pin Receptacle to input White Wire and Black Wire (Fig.1). Connect input ground wire to Mounting Bracket's Green Ground Wire.
4. Plug USB Charger into the 2-Pin Receptacle and carefully tuck them into the Junction Box.

5. Secure Mounting Bracket to the Junction Box using Junction Box Screws (B).
6. Prepare Micro USB Cable as shown.
7. Install Touch Panel Wall Mount Case on Mounting Bracket and secure with Lock Screws (C) (Fig.2). Thread Micro USB Cable as shown in (Fig.1).
8. Place Metal Plate on the back of WIFI Touch Panel.
9. Plug Micro USB Cable into the WIFI Touch Panel.
10. Place WIFI Touch Panel in the Wall Mount Case and close the cover.
11. Turn Power back on.
