DISTRESSED

Use any of the BEHR® Waxes after lightly sanding down edges and raised panels to achieve a distressed and multi-dimensional look.

ANTIQUE

Achieve a unique, antique finish using BEHR white or dark antique wax. Apply the wax over the painted surface to add depth and character to your project.

WHAT IS CHALK PAINT?

BEHR® Chalk Decorative Paint is a creamy paint with a soft buttery feel that applies easily and dries to a smooth, velvety, matte finish.

Whether you're updating a bold accent piece or coordinating old-world-charm updates with your current decor, customizing the look and feel of your room has never been easier.

BEHR Chalk Decorative Paint
offered in a wide range of tintable colors.

CLEAR   **BEHR Chalk Decorative Clear Wax** offers an added layer of protection and adds a lustrous satin sheen.

WHITE   **BEHR Chalk Decorative White Wax** creates a liming or whitewashed effect to surfaces.

DARK   **BEHR Chalk Decorative Dark Wax** adds an aged, antiquing effect to any project.

CHALK
DECORATIVE PAINT

MATTE

When applied without wax, BEHR® Chalk Decorative Paint dries to a matte, soft touch finish—perfect for achieving a velvet and chalky look.
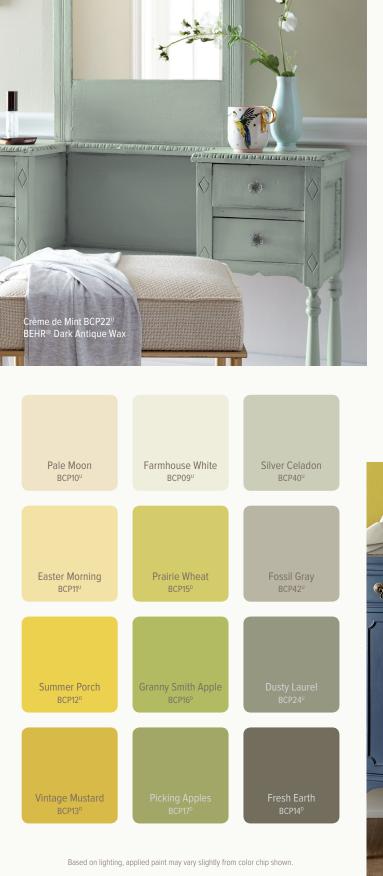

SATIN

Use BEHR Clear Wax over your painted surface to seal and protect. BEHR Clear Wax adds a lustrous satin sheen and enhances the color of the chalk finish, adding a subtle shine which can be tailored to suit your desired look with further buffing.
