Keep your shelter cool and dry automatically with AutoVent™, the ultimate ventilation system for your shelter.

- A heat sensitive bimetallic spring begins to open the vent at 74°F. Vent is fully open at 104°F. Vent closes as temperature cools down.
- Reduce humidity and moisture buildup in your fabric garage or shelter.
- Easy installation with 2-sided plastic pop rivets.
- Vents are screened to keep out insects and debris.
- The perfect quick and affordable ventilation air circulation solution for your fully enclosed shelter.

AutoVent™ works great with any fabric covered Instant Garage® or storage shelter.
