

Inspect mattress and box springs for bed bug activity. Spray mattress and allow to dry.

Puff powder into cracks and crevices.

Spray luggage, pack clothing and personal effects in plastic bags.

Puff powder into cracks and crevices.

Dry clean or wash & dry all bedding at high temperatures.

Spray mattress, box springs and bed frames. Allow to dry.

Before treatment, vacuum thoroughly and dispose of contents in sealable bag.

Spray carpets.* Also use EGG KILL to treat behind wall hangings, on bedboards and furniture.

*** Always test product in an inconspicuous area for possible staining or damage assessment.**

1

Detection:

Inspect mattress and box springs for bed bug activity. Adult bed bugs are the size of apple seeds, and leave blood spots. Spray mattress and allow to dry.

2

Preparation:

- Wash and dry linens at high temperatures to kill bed bugs and eggs.
- Remove clutter from around bed.
- Vacuum to pick up eggs, immature hatchlings and dead bed bugs. Dispose of vacuum bags or empty vacuum.

3

Application:

- Spray night stands, wall hangings, carpets and walls near bed with EGG KILL. Spray luggage.
- Puff Bed Bug Killer powder into cracks and crevices.
- Use mattress covers to prevent bed bugs and dust mites from entry or escape.

Monitoring:

Watch areas for emerging activity, vacuum and retreat as necessary.

Prevention Tips:

Prior to Travel:

Spray luggage with EGG KILL Bed Bug Killer, pack clothing and personal effects in sealable plastic bags, bring extra resealable plastic bags for soiled clothing.

At Hotel/Destination:

- Place luggage in bathroom while you do inspection. If there are signs of bed bug activity, check out of that hotel.
- Never put your suitcase on the bed.
- Don't unpack your suitcase contents into dressers.
- Re-pack luggage contents into sealable plastic bags.

Returning Home:

- Unpack luggage outside, or in a garage, laundry room or bathroom.
- Inspect luggage and clothing for signs of activity.
- If signs are found, spray luggage again.
- Wash and dry clothing at high temperatures.
- Leave luggage in garage.
