

Easy to Use

1. Unroll product and apply to clean and dry surface. Press in place and trim to length. Peel off paper backing.
2. **Door:** Top/Latch side – apply to door stop so closing door compresses weather-stripping.
Hinge side: Apply to door jamb so weather-stripping is compressed between jamb and edge of closing door.
Window: Place weather-stripping on sash rail to form seal when window is closed.
