

ASSEMBLY INSTRUCTION

Note: The diagram illustrates the installation of your new luminary. This is a representative drawing and is not intended to match the style of your luminary.

Carefully layout all parts in a line on a smooth surface, read below instructions before assemble.

1. With all the base parts laying down on a smooth surface, slide the middle stem towards the Housing Box, assembly the middle stem through the Base Pipe.
2. Gently pull the cord from the Base Bottom until the Base Pipe emerges through the Base Bottom.
3. Then from underneath the Base Bottom thread the Wing Nut to secure.
4. Place the base upright on a flat surface and install the Threaded Pipe on the Housing Box.
5. Unscrew the finial only from the Threaded Pipe, then place the shade onto the threaded pipe and secure with finial (do not over-tighten).
6. Install bulbs(not included).

CAUTION - Refer to the wattage caution label located near the lamp holder for maximum wattage - do not exceed the maximum wattage.

7. Insert plug into wall receptacle.

WARNING - Do not attempt to replace the bulb(s) while the lamp is plugged into a wall receptacle.

IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit it, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

Note: This stained glass product has been protected with mineral oil as part of the finishing process. Please use a soft dry cloth to remove any excess oil.
