Port-A-Cool, LLC will never share your information with any other person or entity for any reason. All information provided is strictly for company use so that we may serve you more efficiently. Only name address and serial number are required to enforce limited warranty. Please return this card or register online within 14 days of purchase to ensure immediate warranty coverage. Register online at www.port-a-cool.com and receive an immediate email confirmation of warranty enforcement. Please keep a copy of your receipt and warranty registration for your reference.

OPT-OUT, Please DO NOT send me information about special offers, product improvements or recalls.

🔧 Limited Warranty 🔧

For one year from date of installation, Port-A-Cool, LLC, warrants any original component part or parts of the Port-A-Cool® evaporative unit found, upon examination by factory authorized personnel, to be defective in material or workmanship, excepting, however, that the high-performance fan motor utilized as a component of the Port-A-Cool® HP portable evaporative cooling unit shall be warranted by Port-A-Cool, LLC for a period of three years from the date of installation. All transportation charges on parts submitted for replacement or repair under this warranty must be borne by the purchaser. If said equipment develops such defects within this period, it will be repaired or replaced at our option. For breach of any implied or written warranty on this product, Port-A-Cool, LLC, shall not be liable for any incidental or consequential damages. This warranty is declared void if the equipment is found to have been misused, abused or tampered with by unauthorized personnel.

Due to warranty limits placed on our component parts by the original manufacturers, our warranty is limited on manufactured units and their original component parts, as well as replacement parts to a total of one (1) year after the date of installation, with the above noted 3 year warranty relating to the high-performance, fan motor utilized as a component of the Port-A-Cool® HP portable evaporative cooling unit being the only exception.
