Accessories to Complete Your Project

Available in Eight Colors* & Six Light Transmission Levels

SUNTUF[®]

Corrugated Polycarbonate Sheet

The Ultimate in Performance and Durability.

SUNTUF corrugated sheets offer high light transmission, strength, and a wide service temperature range. Professionals favor SUNTUF for industrial structural roofing and siding, while homeowners favored SUNTUF for a multitude of DIY projects.

Features and Benefits:

- Impact Resistant – Virtually unbreakable
- Up to 90% light transmission
- Long term weather and UV resistant
- Wide service temperature range
- Better UV protection than sunscreens
- Lightweight
- Easy to work with and install
- The yellowing/loss of light transmission is a different warranty (lifetime) than the hail damage (10 years)

Custom panel sizes available, (up to 19' L x 49.6" W) 26" width in 8' and 12' lengths. Minimum quantities apply.

*Some colors available by special order only. Consult with retailer for details or contact Palram at (800) 999-9459

Limited Lifetime Warranty*

SUNTUF Polycarbonate Panels are lifetime warranted from the purchase date, not to lose more than 10% of their light transmission (when tested in accordance with ASTM D 1003-77). The above warranty shall apply only if the panels are installed, used and maintained in accordance with Palram recommendations and specifications. Suntuf also features a limited ten year warranty against hail damage. *For complete warranty details, contact Palram at 1-800-999-9459, or visit us online at www.PalramAmericas.com.
