Please read the instruction manual carefully to obtain the best results from your purchase. Tools that are needed, but not supplied with the solar post lamps are: a screw driver.

## **PLANTER with EZ Anchor Installation Instructions**

1.1 Put in the four screws that are provided through the EZ Anchor and tighten them with the 4 nuts as shown.

1.2 Use the Turning Bar (A) and Leveling Tool (in the EZ Anchor) to screw it in the ground as level as possible.

1.3 Stop turning once Part (B) is flat with ground level.

1.4 Remove the Turning Bar (A).

1.5 Put the planter over the EZ Anchor you assembled.

1.6 Use the four washers (C) and tighten them with the 4 nuts provided.

1.7 Place the metal net (D) over the planter to add stability.

1.8 Place the pole through the net and screw the pole tightly to the planter.

## **PLANTER Installation Instructions**

2.1 Place the planter on a flat and sturdy location.

2.2 Place the metal net (D) over the planter to add stability.

2.3 Place the pole through the net and screw the pole tightly to the planter.

Position rocks at the bottom of the planter for additional stability.
