

GREAT STUFF™ POND & STONE FILLER, SEALER AND ADHESIVE

GREAT STUFF™ Pond & Stone filler, sealer and adhesive is specifically designed to help quickly and easily build beautiful water features. By expanding to fill gaps and cracks, the polyurethane foam helps direct water to flow over the rocks in a waterfall, rather than under and in between. Plus, the foam's black color means it's easily hidden among the rocks and shadows. GREAT STUFF™ Pond & Stone can help improve aesthetics of water features, creating stunning landscapes. It can also be used to set and secure the cap stones in retaining walls.

A quicker and less expensive option than mortar, GREAT STUFF™ Pond & Stone is designed to bond porous and non-porous rocks or stones. It's an excellent choice for water features from fountains to koi ponds because it's safe for ornamental fish.

Features of this specially formulated filler, sealer and adhesive:

- Bonds rocks without mortar
- Helps directs water over, not under rocks
- Safe for ornamental fish & plants
- Water resistant
- Black color
- Closed cell
- Moisture-cured single component
- Cures in 8 hours

Product Benefits

- Build water features quickly
- Easy to use, no special tools required
- Improved flow enhances waterfall aesthetics
- Damp or dry application
- Lasts for years in wet conditions
- Black color is easily, naturally hidden
- Will not shrink
- Cost-effective product
- Can be used in any ornamental pond setting
- Seals, adheres, bonds and provides water resistant cover

Where can GREAT STUFF™ Pond & Stone be used?

Use Anywhere You Would Use GREAT STUFF™ But Need A Black Foam

Secure Stones Without Mortar

Adhere Cap Stones In Retaining Walls

Repair Cracks and Holes in Trees

Fill Gaps To Direct Water Flow Over Rocks

CAUTION: When cured, these products are combustible and will burn if exposed to open flame or sparks from high-energy sources. Do not expose to temperatures above 240°F (116°C). For more information, consult (Material) Safety Data Sheet ((M)SDS), call Dow at 1-866-583-BLUE (2583) or contact your local building inspector. In an emergency, call 1-989-636-4400 in the U.S. or 1-519-339-3711 in Canada.

For ornamental pond and water garden use, GREAT STUFF™ Pond & Stone Insulating Foam Sealant is considered safe for fish which are not intended for human consumption.

GREAT STUFF™ Insulating Foam Sealants contain isocyanate and a flammable blowing agent. Read all instructions and (M)SDS carefully before use. Eliminate all sources of ignition before use. Cover all skin. Wear long sleeves, gloves, and goggles or safety glasses. Provide adequate ventilation or wear proper respiratory protection. Contents under pressure. Not to be used for filling closed cavities or voids such as behind walls and under tub surrounds.

Building and/or construction practices unrelated to building materials could greatly affect moisture and the potential for mold formation. No material supplier including Dow can give assurance that mold will not develop in any specific system.
