1. COMPACT DESIGN

Each model has the features of a full-size automatic machine but in a streamlined, compact design that fits beautifully on your kitchen countertop.

2. YOUR FOAM, YOUR WAY

A manual frother mixes steam and milk to create a rich, creamy froth for evenly textured drinks – just the way you like them.

3. CONSISTENT BREWING EVERY TIME

Each cup is automatically brewed to the perfect temperature, richness and density. And you can customize the settings to ensure its always just the way you like it.

4. FRESH ESPRESSO FOR EVERY CUP

The integrated burr grinder with adjustable settings grinds fresh beans every time to ensure maximum freshness. You can also use pre-ground in the second chamber. Your choice of regular, specialty or decaf.

5. DELICIOUS CAPPUCCINO AND LATTE

The adjustable manual Cappuccino System mixes steam and milk to create the thickest, longest-lasting foam for your cappuccino. And it's easy to adjust the levels to prepare a creamy latte.

6. CUSTOMIZED ESPRESSO DRINKS

Design your ideal espresso and cappuccino experience by programming in your preferences. The machine "remembers" the details, from the strength of your espresso to your preferred size beverage and much more.

7. EASY-TO-USE CONTROL PANEL

Simply adjust the menu settings for temperature, coffee strength and cup size according to your preferences. The machine takes care of the rest.

8. NO WAITING BETWEEN CUPS

The Rapid Cappuccino System maintains the optimal temperature so you can brew next cup after cup instantly.

9. EASY TO CLEAN AND HANDLE

The compact, extractable brew unit is not only easy to clean, it self-adjusts for one or two shots of espresso.

10. FRONT-ACCESSIBLE COMPONENTS

Removable water tank and drip tray, as well as used espresso grounds, are front-accessible for easy cleanup. Indicators tell you when it's time to clean the machine, and all parts are dishwasher safe.

THE ART OF
ESPRESSO MADE
SIMPLE.
