SIMPLE SIMON

HARDWOOD

KILN DRIED, EASY TO LIGHT!

Unit Specifications:

UPC#:	8-97162-00025-8
Dimensions (approx.):	15" x 9" x 9"
Weight (approx.):	22 lb

Pallet Specifications:

GTIN#:	2 08 97162 00025 2
Pallet Dimensions:	40" x 48" x 50"
Gross Weight:	1490 lb
Net Weight:	1430 lb
Tiers:	5
Units per Tier:	13
Units per Pallet:	65
Pallets per TL:	30

Simple Simon Premium Hardwood

Eco Forest brings to market the premier hardwoods available in both the Baltics and Northern American forests. Oak, maple, cherry, black alder, birch, ash and beech are among the species included. All mixed hardwood is not the same. Simple Simon is produced to be the "Best in Class" and to outperform the competition, both at the retailer and in the fireplace. Dried to the USDA standard, Simple Simon starts and burns thoroughly, while being pest and mildew free. Its packaging, labeling, and point of purchase displays are an attractive retail presentation and informative to the consumer.

Simple Simon Mixed Hardwood is packed in a unique and proprietary heat shrunk ventilated plastic wrap. The highly technical customized equipment builds a two piece enclosure. It applies a solid sheet on top of the bundle to protect from rain and porous sides and bottom to allow air flow and drainage. This two-piece construction is available only through Essay Group, and is unmatched in the market. The robust hardwood bundles are built into a blocky shape, for stackability at the retailer and home storage.
