

Best SELLERS

Whether you are designing furniture, commercial fixtures or cabinets, you can count on **Duramine**[®] to offer great looks and proven value. Our broad selection of **rich woodgrains**, contemporary abstracts, **solid colors** and fine textures offer everything you need to design and manufacture extraordinary finished products. Roseburg goes the extra step to ensure that **quality is built in** - all the way through the process.

2015 Relevance Collection
With **complex grays** and **straight grain designs**, Roseburg's Relevance Collection represents the most current trends in Thermally Fused Laminate (TFL) panels.

Design Collections

Best Sellers Collection: Consists of the finest designs that are available from all our plant locations. Most are "Designed-To Match" 3D laminates and edge banding.

2015 Relevance Collection: With complex grays and straight grain designs, this collection represents the most current trends in Thermally Fused Laminate (TFL) panels.

Synergy Partners Collection: Roseburg has partnerships with the leading manufacturers of decorative surfaces. We produce over 550 different designs available from Arclin, and Wilsonart*. *Subject to certain geographic boundaries prescribed by Wilsonart.

Designed-To-Match System: This system was developed to save you time locating matching HPL, RTF and edge treatments you need to complete each project.
