

Wellmade Pebble Tile Warranty Information

Wellmade Pebble Tiles are a natural product and will therefore have imperfections in their structure, coloring, and polishing. Should you receive cartons that contain many broken or unattached pebbles, or if there are excessive amounts of adhesive in the surface, please return to your dealer for replacement. It is considered normal for occasional pebbles to become dislodged from the mesh backing. They can be easily replaced by adding some construction adhesive to the bottom of the pebble, and replaced on the mesh backing. Pebble Tiles must be inspected before installing, as Wellmade will not accept responsibility for installed Pebble Tiles. In addition, Wellmade cannot be responsible for the installation or related issues under any circumstances.

This writing is the complete and exclusive statement of the Warranty, and is in lieu of all other expressed, implied, and/or statutory warranties. We assume no liability for incidental or consequential damages. The sole remedy provided herein, is the replacement or refund for defective products. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to you.
