

6 FT ANIMATED KING OF THE UNDERWORLD

PHRASES SPOKEN

“Ah, you there, chance to have a soul that you can part with? We have worked the ones we have so thin, they are getting ragged and crumple under my cruel punishments. What’s your price? I have a lot of money... it’s patience that I lack. Huh huh huh...”

“Bow down, you petulant gutter snipe! I may be the King of the Lowest depths of the underworld, but you are yet lower... or soon will be, once I have you with your other pitiful kind, laboring in the furnaces of the underworld.”

“Do not get on the bad side of the Underworld King! Perhaps you can curry my favor with some groveling and pleading? It’s doubtful that it will work, but you should try every option. Oh sure, running away also works...for a short while... Huh huh huh!”

“Darkness is falling and nowhere is it more bleakly black than in the pits of doom that I reign over. My Demon Lords strip the souls from those that are pushed down to us. Then you will labor hard to keep the fires burning hot, crisping those souls for our demon feasts! Care for a bite? Huh huh huh...”
