

*50/50 Double Bowl Kitchen Sink*

*60/40 Double Bowl Kitchen Sink*

*D-Shaped Single Bowl Kitchen Sink*

*Single Bowl Vanity Sink*

## **Before You Start**

- IPT Sink Company recommends that all undermount sinks be installed by an experienced, professional installer.
- **IMPORTANT:** The enclosed cutout template will create a countertop opening with a minimal (1/8" or less) reveal. It is recommended that you discuss with your installer and agree that the finished appearance is the desired effect. IPT Sink Company is not responsible for improper sink or countertop installations.
- **IMPORTANT:** The cabinet must be installed, secured, plumb, and level. Failure of this step can lead to product damage.
- IPT Sink Company undermount sinks should only be fastened to a solid surface countertop (i.e. granite, Corian® or Silestone®).
- IPT Sink Company is not responsible for sink or countertop if damaged during installation. Be sure to inspect the sink for damage prior to beginning installation.
- Metal edges may be sharp – use caution when handling.
- Follow all local plumbing and building codes.

## **Recommended Tools & Materials (Not Included)**

| <input type="checkbox"/> Pencil (not permanent marker) | <input type="checkbox"/> Screws (recommended by countertop manufacturer) |

**1: PREP COUNTERTOP**

OUTLINE FOR UNDERMOUNT SINK CUTOUT

MOUNTING BRACKET FASTENER

1. Position the template (provided with your sink) front to rear so the sink will not interfere with the cabinet; secure with tape.
2. Trace the template and remove. Dry fit the sink to verify the measurements.
3. Following the countertop manufacturer's instructions, carefully cut the countertop on the inside of the traced line.
4. Locate and drill the mounting holes, following the countertop manufacturer's instructions. Holes should allow even spacing of mounting brackets around the sink.
5. With the countertop inverted (upside down), fasten the mounting brackets to the countertop loosely.

*IMPORTANT: The cabinet must be installed, secured, plumb, and level BEFORE installing the sink.*

*IMPORTANT: IPT Sink Company undermount sinks should only be fastened to a solid surface countertop (i.e. granite, Corian® or Silestone®).*

**2: INSTALL COUNTERTOP**

APPLY SILICONE SEALANT AFTER CLEANING THE SINK EDGE AND COUNTERTOP

VERIFY SINK IS CENTERED WITHIN THE COUNTERTOP OPENING BEFORE TIGHTENING FASTENERS.

1. Clean the bottom of the countertop and the top flange (or lip) of the sink with denatured alcohol.
2. Apply a narrow bead of silicone adhesive sealant evenly all around the top of the sink flanges.
3. Position and align the sink over the countertop opening. Press silicone onto countertop.
4. Tighten fasteners until mounting brackets are snug against sink. Check alignment of sink to the countertop opening.
5. Tighten down fasteners evenly. Be careful not to over-tighten.
6. Immediately remove excess sealant.

*IMPORTANT: The enclosed cutout template will create a countertop opening with a minimal (1/8" or less) reveal. It is recommended that you discuss this with your installer and agree that this finished appearance is the desired effect. IPT Sink Company is not responsible for improper sink or countertop installations.*

*IMPORTANT: IPT Sink Company is not responsible for sink or countertop if damaged during installation. Be sure to inspect the sink for damage prior to beginning installation.*

**3: FINAL STEPS**

1. Following all local plumbing and building codes, install the faucet according to the manufacturer's instructions.
2. Connect the drain and piping.
3. Run water into the sink and check all connections for leaks.

*IMPORTANT: For additional information or warranty issues visit [www.iptsink.com](http://www.iptsink.com) or contact IPT Sink Company directly at: IPT Sink Company Inc. 4170 JVL Industrial Park Drive Marietta, GA 30066 (678) 445-4638*

This product has been manufactured and tested to the highest quality standards by IPT Sink Company. We offer our customers thoughtfully crafted fixtures & accessories, engineered for enduring performance over years of use.

**WHO IS COVERED BY THE WARRANTY**

This warranty extends to the original purchaser only. This warranty is not transferable, between homes or owners and is only applicable to residential use.

**WHAT IS COVERED BY THE WARRANTY**

IPT Sink Company warranties this product against defects due to material or craftsmanship error during the warranty period: IPT Sink Company will provide replacement parts at no charge, or at its option, replace any product or part of the product that is deemed defective, under normal installation, use, service and maintenance. If IPT Sink Company is unable to provide a replacement and repair is not practical or cannot be made in timely fashion, IPT Sink Company may elect to refund the purchase price in exchange for the return of the product.

**CONDITIONS AND EXCLUSIONS**

Like other home fixtures, IPT Sink Company products will require light maintenance to ensure proper function. We provide you with complete knowledge to perform this maintenance and can also recommend resources if you are unable to fulfill this service.

- A. IPT Sink Company will not be responsible for product failures due to lack of maintenance or proper use. Please read your care and maintenance documentation to determine the limits of proper use.
- B. The original sales receipt, order number, and/or proof of purchase must be presented at the time of the warranty claim, without exception, for this warranty to be applied to all IPT Sink Company products.
- C. IPT Sink Company recommends installing all IPT Sink Company products with a licensed, professional plumber. IPT Sink Company will not be held responsible for any damage or product failure due to improper installation, misuse, or failure to use a licensed professional. Please read your care and maintenance documentation to determine the limits of proper use.
- D. Commercial use will automatically void this warranty.

**NON-APPLICABILITY OF THIS WARRANTY**

By the purchase and use of our products, you agree that IPT Sink Company is not liable for incidental, consequential or special damages associated with the return, replacement, installation or use of your product. This includes freight costs, cartridge replacement, labor, travel time, lost profit, home damages and other contingent liabilities and costs (including, without limitation, costs associated with experts, investigations, analyses, attorneys and other professionals and services). The IPT Sink Company warranty is a comprehensive and explicit limit of liability and all items outside of it are not addressable by or the responsibility of IPT Sink Company. Certain states have variances regarding implied warranties and in those situations we remain fully compliant.

IPT Sink Company makes no implication that products comply with any or all local building or plumbing codes. It is the consumer's responsibility to determine local code compliance. This warranty extends to the original purchaser and first consumer.
