

Memory Foam Mattress

IMPORTANT

READ BEFORE OPENING: UNPACKING DIRECTIONS

- Open the mattress in the room or area where it is intended to be kept.
- Remove the rolled mattress from the box and lay it on the floor or box spring.
- Make sure there is enough open area around the mattress to accommodate the unrolled mattress before opening.
- To remove the plastic bag, cut along the length of the bag with scissors making sure not to cut into the mattress.
- Use caution when unfolding the rolled mattress.
- Unfold the rolled mattress, removing all plastic wraps.
- Properly dispose of mattress packaging to keep out of reach of children.
- The mattress may be slept on immediately after opening. However please allow up to 24 hours from opening for the mattress to regain its complete size and shape and firmness.
- Your new mattress fabric may wrinkle in particular areas of the mattress. This is completely normal due to the compression packaging process and will smooth out over time and use.
- Once opened, the mattress can not be repacked in rolled form.
- Add standard linens and enjoy a great night's sleep!
