

Warranty Terms

Belmint will accept warranty claims if the items ordered are defective within 365 of the order date or purchase date. Warranty claims can be sent back to the Belmint Warehouse and will either be fixed or replaced. If the item received is perfect working condition and is not defective as informed in warranty claim, the item will not be returned until return shipping is refunded and shipping is paid for, to have the item shipped back. To claim a warranty from Belmint proof of purchase is needed (either receipt, emailed receipt, or order number that can link back to Belmint that can be looked up for order date.)
