ASSEMBLY INSTRUCTIONS

76in 175 Light LED Nativity Scene

USE AND CARE GUIDE

PLANNING ASSEMBLY

Carefully remove all the parts from the box and place them on a flat surface. Please note that many of the parts are connected by the lighting string that runs throughout the item. Remove the parts with care not to damage the lighting string or parts. Read the entire manual prior to assembly and identify all the parts included in the package against the parts list. If any parts are missing or damaged do not attempt assembly. Contact our customer service center or return the item to place of purchase with purchase receipt. Assembly of this product may require more than one person.

Pre-Operation

CAUTION: Grasp the plug to insert or remove from the power source. Do not unplug by pulling on cord.

CAUTION: The lighting string on this product is rated at 12 Watts (0.1 Amps). Do not overload. Do not connect to another lighting string, decorative outfit or other electrical products. Before you use or re-use this product, inspect it carefully. Discard or return to place of purchase with purchase receipt if the product has cuts, damage, frayed wire insulation on cords, cracks in the socket enclosures, loose connections or exposed copper wire.

Care and Cleaning

a. Carefully remove the product from wherever it is placed. This helps to avoid any undue strain or stress on the product connections and wires. If the product is placed somewhere other than the ground it should be well secured and stable.
b. Wipe the unit with a damp cloth and allow the unit to dry before storing.
c. Store the product neatly in a cool, dry location protected from sunlight.

Guarantee

What is Covered

The product is intended for residential seasonal use for 90 days per year. This product is covered by a 90 days limited guarantee due to defects in material and workmanship. Return the product with purchase receipts to the location of purchase for refund within 90 days of purchase.

What is Not Covered

This warranty does not cover commercial use, normal wear and tear, products not used in accordance with directions provided on or with the product, burn out of bulbs or LEDS, batteries, products that have been subjected to unauthorized repair and/or modification and damage caused by shipping and improper handling, alterations, misuse or accidents. Questions, problems, missing parts? Before returning to the store, call Home Accents Holiday Customer Service 8 a.m.-6 p.m., EST, Monday-Friday

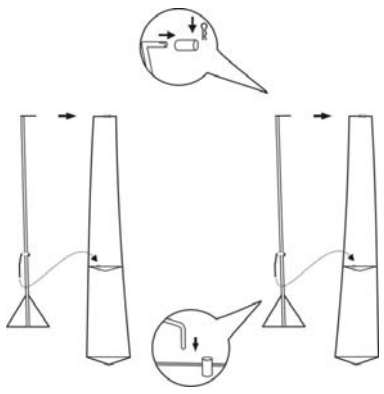
ASSEMBLY

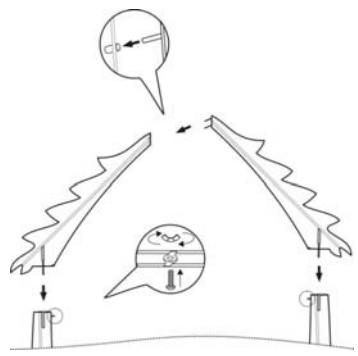
1 Assembling the Left & Right Columns of Stable

Attach the Stabilizing Bars (D) to the Left & Right Stable Columns (C) by first inserting the hooked end of the metal bars (located not quite half way up the bar) into the holes on the Stable Column. At the top of the Stabilizing Bar there is a connecting rod that attaches into a hole at the top of the Stable Column. Secure with the Cotter Pin (T) .



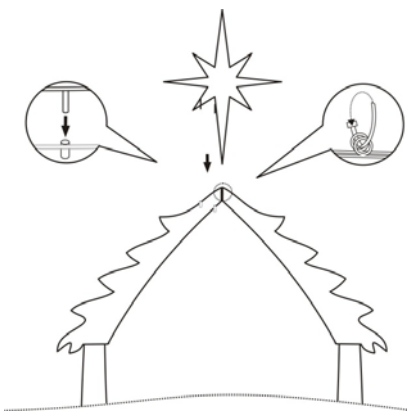
2 Connecting the Top of Stable

Attach each Roof of Stable (B) to a Stable Column (make sure the columns and roof are positioned with the front side out) by inserting the connecting rod on the bottom of each Roof section into the connecting hole on the top of each Stable Column. Line up the connecting loop and use the Bolt & Wingnut (U) to secure. Align the two sections of the Roof together and insert the connecting rods on one side into the holes on the other side. Use a Plastic Tie (X) to secure the metal frames.



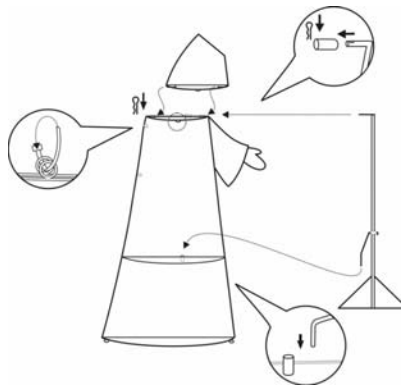
3 Assembling the Star

Insert the connecting rods on the Star (A) into the connecting holes at the middle of the Roof of Stable and fasten them together at the connecting loops with Plastic Ties (X) .



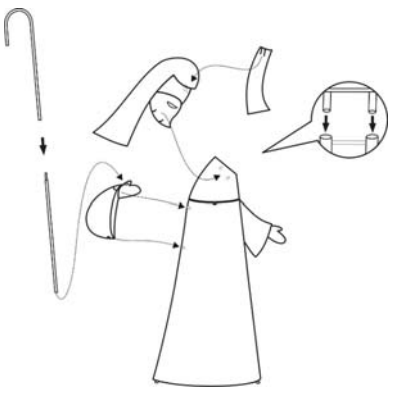
4 Assembling Joseph's Body and the Stabilizing Bar

Insert the connecting rods on the bottom of Joseph's Upper Body (H) into the matching holes on the top Joseph's Lower Body (J). Secure together at the connecting loop with Plastic Ties (X). Attach the Stabilizing Bar (E) to the back side of Joseph's Body by inserting the hooked end into the hole on the back of the lower part of the Body. Insert the connecting rod at the top of the Stabilizing Bar into the hole at the top of the Body then secure with Cotter Pin (T) .



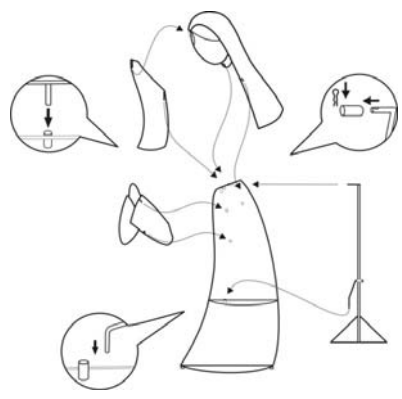
5 Assembling Joseph's Head, Hair and Arm to Body

Insert the connecting rods on Joseph's Hood (G) into the holes on Joseph's Head (F). Insert the connecting rods on the bottom of Joseph's Head & Arm (F,I) into the holes on Joseph's Upper Body (H). Assemble the two Halves of Cane (K,L) and place in Joseph's right Hand (I). Secure the Upper Body to the Lower Body together at the connecting loops or metal frame with Plastic Ties (X).



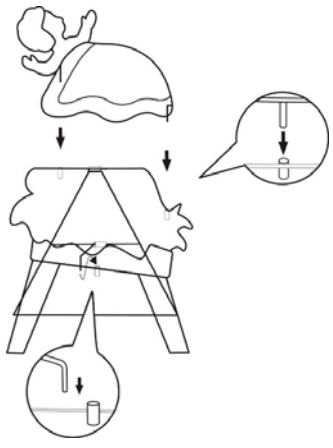
6 Assembling Mary's Head, Hair and Arm to the Body

Insert the connecting rods on Mary's Hood (N) into the holes on Mary's Head (M). Insert the connecting rods on Mary's Head, Hood, and Arms (M,N,P) into the matching holes on Mary's Body (O). Attach the Stabilizing Bar (E) to the back side of Body of Mary (O) then secure with the Cotter Pin (T).



7 Assembling the Baby and Bed

Insert the connecting rods on the bottom of Baby (Q) into the connecting holes on the top of Baby Bed (R). The Support of Baby Bed (S) is pre-attached to the Baby Bed at the top. Midway down the Support of Baby Bed is an “L” shaped metal support bar. Insert the hooked end into the connecting hole on the back side of the Baby Bed.



8 Securing the Nativity Scene to the Ground

Secure the Stable to the ground with the "U" Shapes Stakes (V). Secure Joseph, Mary and Baby to the ground with the "L" Shape Stakes (W). Place the stakes over the metal frames then into the ground.
