

# CONNECT YOUR **TRAERER** GRILL TO ALEXA

## BEFORE YOU BEGIN:

- Make sure you have downloaded and installed the latest software updates for your Amazon Alexa devices.
- Check that you are using one of the following Traeger Grill models: Pro 575, Pro 780, Ironwood 650, Ironwood 885, Timberline 850 or Timberline I300. Alexa is only compatible with Traeger WiFIRE enabled grills.
- Download the Traeger App and complete setup for your Traeger WiFIRE enabled grill.
- Make sure your Traeger Grill is connected to the same Wi-Fi network as your Amazon Alexa devices.

## DISCOVER SMART HOME DEVICES WITH A SKILL

**Important:** Before you enable a smart home skill, please read Safety Information for Using Smart Home Devices with Alexa. <https://www.amazon.com/gp/help/customer/display.html?nodeId=201819970>

To discover your Traeger using a skill, in the Alexa app:

1. Choose "Skills & Games" in the navigation bar
2. Search for "Traeger" in the search bar
3. Choose a Traeger skill from the search results
4. Log-in to your Traeger account

## WIFIRE® CONTROL:

Commanding your Traeger grill with your voice means you can change temperatures, set timers, enter shutdown mode and so much more, all through the convenience of Amazon Alexa.

**Sample Utterances – NOTE:** Please replace <grill name> with the name of your Traeger grill.

### 1. On/Off

"Alexa, turn <grill name> off."

"Alexa, is <grill name> on?"

"Alexa, is <grill name> off?"
