Mini-Rock Candy Cylinder Wall

HW623_2G 1.0

GENERAL PRODUCT INFORMATION:

This product is suitable for damp locations.

This product can mount either to a 4" square electrical box with a round plaster ring or an octagon electrical box.

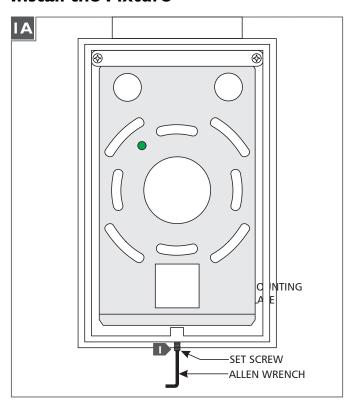

This product can be dimmed with a standard incandescent dimmer.

This instruction shows a typical instruction.

CAUTION - RISK OF FIRE

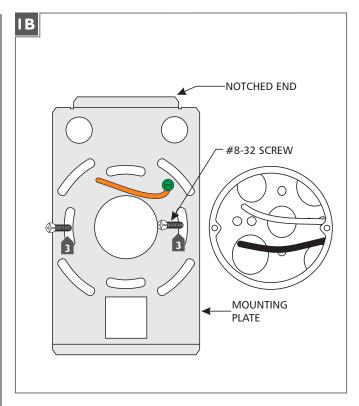

This product requires installation by a qualified electrician. Before installing be sure to read all instructions and TURN THE POWER TO THE ELECTRICAL BOX OFF.

Install the Fixture

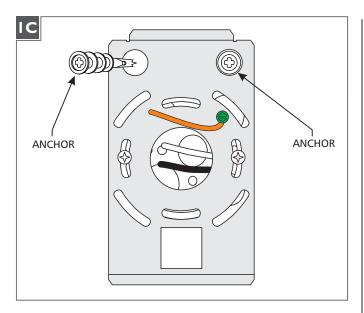

- With the Allen wrench provided, back out (do not fully remove) the set screws at the base of the fixture.
- 2 Remove the mounting plate from the back of the fixture.

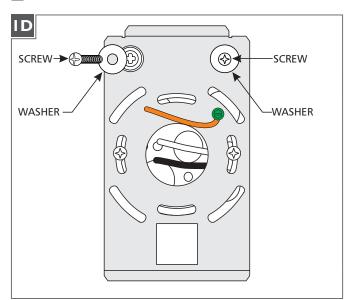

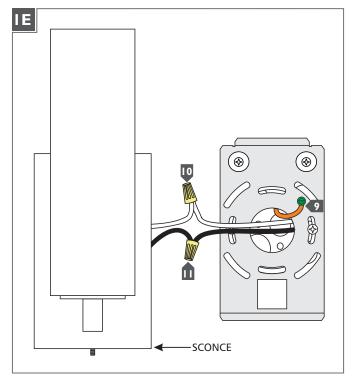

Attach the mounting plate to the electrical box using the two #8-32 screws provided. Make sure the notched end of the mounting plate is at the top.

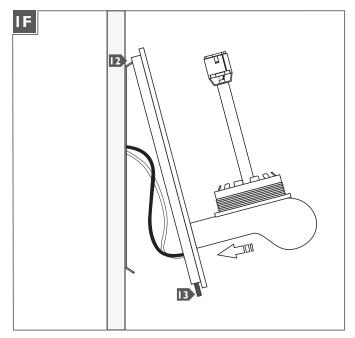

- 4 Verify that the mounting plate is level before continuing.
- Line up an anchor tip with the center of the mounting plate hole and push the anchor into the wall up to the threads.
- 6 Screw the anchors in the rest of the way.
- **7** Repeat steps 4-6 for the other anchor.

8 Slide a #8 screw through a washer and screw it into an anchor. Repeat for the other anchor to secure the mounting plate to the wall.

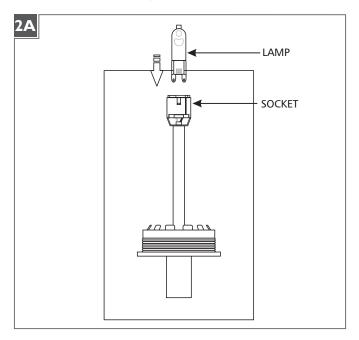

- 9 Connect the mounting plate ground wire to a suitable ground in accordance to local electrical codes.
- Connect the white fixture wire to the neutral power line wire with a wire nut.
- Connect the black fixture wire to the hot power line wire with a wire nut.

- Hook the top of the sconce to the top of the mounting plate and swing the bottom of the sconce toward the plate until it is flush with the wall.
- Tighten the set screw at the bottom of the sconce to secure it to the mounting plate.

Install the Lamp and Shades

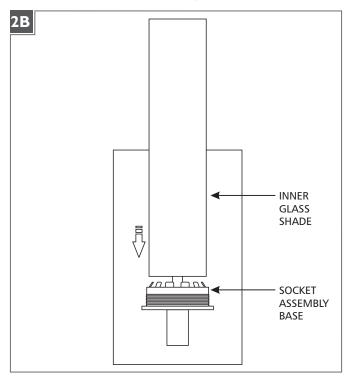

CAUTION: To reduce the risk of a burn or electric shock during relamping, disconnect the power to the fixture.

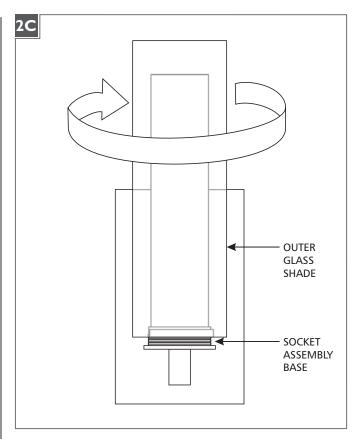

Use MAX 120 Volt, 60 Watt type T4, G9 base bi-pin halogen lamp in each socket.

NOTE: Use only your fingers and a soft cloth to replace the lamp.

Push the lamp base completely into the socket.

Gently push the inner glass shade into the center of the socket assembly base until it is firmly in place.

3 Carefully screw the outer glass shade onto the socket assembly base until it is firmly in place.

NOTE: To re-lamp, reverse the section 2 instructions.
