

**Lawn Miracle™** - is a water born organic pigment not a dye that contains no hazardous heavy metals or heavy metals. Our product beautifully restores the color of your original grass color.

Application of **Lawn Miracle™** is relatively quick & easy. Utilizing a pump-sprayer and apply over dormant turf and it will usually stay green all winter. The topical applied color will usually last approximately 10-12 weeks or when mowed.

**Application Instructions** – Using a consumer-sprayer or pro-sprayer mix appropriate mixing ration for desired color. Use a flat-fan spray nozzle adjusting nozzle-head until desired volume is achieved and apply at a 70-degree slant covering blade leaf completely. Avoid over-spraying on to sidewalk, concrete, masonry or other surrounding objects.
