**PRECAUTIONARY STATEMENTS**

**RISKS TO HUMANS AND DOMESTIC ANIMALS**

Caution: Can cause irritation in eyes, nasal passages, or oral mucosa. Can cause respiratory tract irritation. Can cause gastrointestinal irritation.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and freshwater aquatic invertebrates.

**FIRST AID**

In case of emergency, call a poison control center or doctor for treatment advice. Have the product container or label with you.

If in eyes: Hold eye open and gently flush with water for 15 minutes. Do not rub eye. After washing, consult a doctor if irritation persists.

If on skin: Wash thoroughly with soap and water when splashes are encountered. When splashes are not anticipated, wash skin with soap and water after handling the product.

If swallowed: Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor immediately for treatment advice.

**CUIDADO**

Si no puede leer inglés, haga que su supervisor le explique las direcciones de uso apropiadas para su producto.

**STATEMENTS.**

**STATEMENTS AND FIRST AID**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION.

If swallowed, rinse mouth and water down 1-2 glasses of water. Do not induce vomiting unless told to do so by a poison control center or doctor. For treatment advice, call a poison control center or doctor immediately for treatment advice.

**FIRST AID:**

If you cannot read English, ask your supervisor to explain the appropriate directions for use before working with this product.

**DISINFECTION PERFORMANCE**

In institutions, hospitals, dental offices, nursing homes, and other Health Care Institutions and facilities such as schools, restaurants, and food processing plants and other non-Human facilities: This product is killing 99.9% of all viruses, bacteria, and fungi in 10 minutes.

**BLOOD/BODY FLUIDS**

Kills HIV, HCV and HBV on pre-cleaned hard, non-porous surfaces/objects previously soiled with blood or other body fluids such asCrypton barrier fabric, tables, chairs, countertops, sinks, glazed tile and glazed porcelain with a brush, cloth, sponge or mechanical spray device so as to thoroughly wet surfaces. If heavy soil, apply ready-to-use product directly with a sprayer using a coarse spray tip, to fully saturate affected surfaces; then let air dry. Repeat applications weekly or when growth or odor reappears. This product will effectively inhibit the growth of mold and mildew and their odors when used as directed.

**NON-FOOD CONTACT SANITIZING PERFORMANCE:**

This product kills the following bacteria in 10 minutes in the presence of 5% soil on hard, non-porous surfaces: Candida albicans, Trichophyton mentagrophytes, Aspergillus niger, Enterobacter aerogenes, Klebsiella pneumoniae, Staphylococcus aureus, Enterococcus faecalis, Enterococcus faecium, Enterobacter cloacae, Enterobacter aerogenes, Enterobacter cloacae, Escherichia coli, Escherichia coli O157, Pseudomonas aeruginosa, Pseudomonas aeruginosa (Bacteroides fragilis), Sarcina lutea, Sarcina lutea (Pseudomonas aeruginosa), Staphylococcus epidermidis, Staphylococcus epidermidis (Pseudomonas aeruginosa), Streptococcus pyogenes, Viruses and poliovirus 1.

**FUNCTIONAL PERFORMANCE:**

This product kills the following viruses in 10 minutes in the presence of 5% soil on hard, non-porous surfaces: Human Coronavirus, Respiratory syncytial Virus, Vaccinia Virus.

This product kills the following bacteria in 10 minutes in the presence of 5% soil on hard, non-porous surfaces: Acinetobacter baumannii, Bacillus cereus, Bacillus subtilis, Campylobacter jejuni, Clostridium difficile, Cryptococcus neoformans, E. coli, Enterobacter cloacae, Escherichia coli, Escherichia coli VRE, Enterococcus faecalis, Enterococcus faecium, Klebsiella pneumoniae, Methicillin resistant (CA MRSA) (Community Acquired MRSA), MRSA (Methicillin resistant) (Community Acquired MRSA), Pseudomonas aeruginosa, Salmonella, Staphylococcus aureus, Streptococcus pyogenes, Streptococcus pneumoniae, Staphylococcus epidermidis, Yersinia enterocolitica.

**MOLD AND MILDEW CONTROL DIRECTIONS:**

Effective against mold and mildew and their odors when used as directed. Kills 99.9% of bacteria and viruses and inhibits and controls mold and mildew and their odors when used as directed.

**SPECIAL INSTRUCTIONS FOR CLEANING CARPET AGAINST ODOR CAUSED BY BACTERIA:**

This ready-to-use product can be used to deodorize carpets in institutional and industrial, commercial and residential areas such as hospitals and clinics, schools, restaurants, retail stores, motels & hotels, nursing homes, hospitals and schools. For use in non-medical and institutional environments. Do not use on colored carpet. This ready-to-use product is particularly suitable for use in water damage or water restoration situations against odor caused by water on the following porous and semi-porous materials: carpets, carpet cushion, sub floors, drywall, trim, floor coverings, wall paper, and fabric. Saturation affected materials with enough solution to remain wet for at least 10 minutes. Let surface air dry. Repeat applications weekly or when growth or odor reappears.

**FOR USE AS A GENERAL CLEANER AND/OR DEODORIZER:**

Effective against odor caused by smoke for home, institutional, industrial and hospital use. This ready-to-use product is particularly suitable for use in general odor control situations against odor caused by smoke on the following porous and semi-porous materials: carpets, carpet cushion, sub floors, drywall, trim, floor coverings, wall paper, and fabric. Saturation affected materials with enough solution to remain wet for at least 10 minutes. Let surface air dry. Repeat applications weekly or when growth or odor reappears.

**STORAGE AND DISPOSAL:**

Do not contaminate water, feed, or food stuffs with disposal:

**PESTICIDE STORAGE:**

Store only in original container. For treatment advice, call a poison control center or doctor if ingestion occurs. This product is toxic to fish and freshwater aquatic invertebrates. Do not mix this product with other cleaning products. Follow the cleaning procedures specified by the manufacturer of the cleaning agent after using this ready-to-use product. The carpet pile can be deodorized by applying ready-to-use product in 2-3 spots at a time, 2-3 inches apart, using a brush, cloth, or mechanical spray device. Then allow to remain wet for 10 minutes. Let surface air dry. Repeat applications weekly or when growth or odor reappears.
